Skills & Tools

Visual Studio and VS Code, JavaScript, NodeJS, Express, HTML5, CSS3, Bootstrap, jQuery, React, Firebase, Git, MongoDB, MySQL, SQL, C++, Java

Profile:

Self-driven Full-stack Developer with a background in computer science and web development. Recognized for quickly learning new information and communicating it in an easy to understand format. Proven ability to adapt to changing environments while meeting common goals.

Education:

Bachelor of Science, Computer Information Systems

Web Development / Programming | The University of

Akron, Akron, Ohio

- Minor in Computer Science
- Expected Graduation: Spring 2019
- Grade Point Average: 3.845/4.0

Web Development Bootcamp, Full Stack

Case Western Reserve University, Cleveland, Ohio

- Graduation: February 1st, 2019
- HTML, CSS, JavaScript, MySQL, MongoDB, other libraries and frameworks

Projects:

MUDU (Meet Up, Drink Up): MUDU is a social web app that allows users to find other people to grab a drink with and experiment with new types of beer.

- Github: <https://github.com/Jwb81/MUDU>
- Demo: <https://mudu.herokuapp.com/>

Work Experience:

Inventory Specialist | Best Buy | 11/2015 – Present

Core duties include working with a team to maintain organization and inventory integrity, assist customers with larger items, and unload merchandise from trucks.

- ‘Million Dollar Club’ recipient

Activities and Interests:

I enjoy playing soccer, volleyball, golf and flying drones, as well as looking at the newest consumer electronics. I also like looking at DIY programming projects and experimenting with raspberry pi and Arduino computers.
